

## Simposium : “Celebrating the One Health Day in Peru”

The Institute of Tropical Medicine “Alexander von Humboldt” from Cayetano Heredia University (UPCH) carried out the Simposium “Celebrando el día Mundial de Una Salud-One Health”, to celebrate the One Health day on november 3, 2017. A panel of medical doctors, veterinarians and researchers with expertise on tropical medicine and infectious diseases shared their experiences. At UPCH we look forward to promote the One Health concept, the research collaboration at all health sectors, and increase knowledge and management of zoonotic diseases affecting Peru.
